BEGIN DISCUSSION Notice of Alert Song - [Buffalo Springfield](#)-For what it's worth  
There's something happening here  
What it is ain't exactly clear  
There's a man with a gun over there  
Telling me I got to beware  
I think it's time we stop, children, what's that sound  
Everybody look what's going down  
There's battle lines being drawn  
Nobody's right if everybody's wrong  
Young people speaking their minds  
Getting so much resistance from behind  
I think it's time we stop, hey, what's that sound  
Everybody look what's going down  
What a field-day for the heat  
A thousand people in the street  
Singing songs and carrying signs  
Mostly say, hooray for our side  
It's time we stop, hey, what's that sound  
Everybody look what's going down  
Paranoia strikes deep  
Into your life it will creep  
It starts when you're always afraid  
You step out of line, the man come and take you away  
We better stop, hey, what's that sound  
Everybody look what's going down

Stop, hey, what's that sound  
Everybody look what's going down  
Stop, now, what's that sound  
Everybody look what's going down  
Stop, children, what's that sound  
Everybody look what's going down

#### MIDDLE OF DISCUSSION Type of Alert Song - Gil Scott-Heron: Winter In America

From the Indians who welcomed the pilgrims  
And to the buffalo who once ruled the plains  
Like the vultures circling beneath the dark clouds  
Looking for the rain  
Looking for the rain

Just like the cities staggered on the coastline  
Living in a nation that just can't stand much more  
Like the forest buried beneath the highway  
Never had a chance to grow  
Never had a chance to grow

And now it's winter  
Winter in America  
Yes and all of the healers have been killed  
Or sent away, yeah  
But the people know, the people know  
It's winter  
Winter in America  
And ain't nobody fighting  
'Cause nobody knows what to say  
Save your soul, Lord knows  
From Winter in America

The Constitution  
A noble piece of paper  
With free society  
Struggled but it died in vain  
And now Democracy is ragtime on the corner  
Hoping for some rain  
Looks like it's hoping

Hoping for some rain

And I see the robins  
Perched in barren treetops  
Watching last-ditch racists marching across the floor  
But just like the peace sign that vanished in our dreams  
Never had a chance to grow  
Never had a chance to grow

And now it's winter  
It's winter in America  
And all of the healers have been killed  
Or been betrayed  
Yeah, but the people know, people know  
It's winter, Lord knows  
It's winter in America  
And ain't nobody fighting  
Cause nobody knows what to save  
Save your souls  
From Winter in America

And now it's winter  
Winter in America  
And all of the healers done been killed or sent away  
Yeah, and the people know, people know  
It's winter  
Winter in America  
And ain't nobody fighting  
Cause nobody knows what to save  
And ain't nobody fighting  
Cause nobody knows, nobody knows  
And ain't nobody fighting  
Cause nobody knows what to save

This Wind Is Blowin' My Mind  
I See The Kids In The Street,  
With Not Enough To Eat  
Who Am I, To Be Blind?

### **The Prophecy of the Fourth Crow**

As told by Robert Red Hawk Ruth

Translated by Shelley DePaul

Lomewe, luwe na okwes xu laxakwihele xkwithakamika.

Long ago it was said that a fox will be loosened on the earth.

Ok nen luwe newa ahasak xu peyok.

Also it was said four crows will come.

Netami ahas kenthu li guttitehewagan wichi Kishelemukonk.

The first crow flew the way of harmony with Creator.

Nisheneit ahas kwechi pilito entalelemukonk, shek palsu ok ankela.

The second crow tried to clean the world, but he became sick and he died.

Nexeneit ahas weneyoo ankelek xansa ok koshiphuwe.

The third crow saw his dead brother and he hid.

Neweneit ahas kenthu li guttitehewagan lapi wichi Kishelemukonk.

The fourth crow flew the way of harmony again with Creator.

Kenahkihechik xu withatuwak xkwithakamika.

Caretakers they will live together on the earth

We have chosen to tell the story of the Lenape in Pennsylvania through “The Prophecy of the Fourth Crow,” an ancient story passed down among the Lenape for generations. This story relates the ways in which Lenape people have struggled to survive and to keep their community and culture intact. Chief Red Hawk summarizes the current interpretation of the Prophecy in the following way:

“We now know that the First Crow was the Lenape before the coming of the Europeans. The Second Crow symbolized the death and destruction of our culture. The Third Crow was our people going underground and hiding. The Fourth Crow was the Lenape becoming caretakers again and working with everybody to restore this land.”

Mr. Jasper Jones is the CROP™ National Program Director, whose successful work in implementing various components of the CROP™ Program, involving human development support systems in Los Angeles (L.A.), and on a national level lead to U.S. Congresswoman Maxine Waters and EEOC Commissioner Arthur Fletcher mentioning, in 1992, on nationwide television, that the full implementation of the CROP™ Program components in South Central Los Angeles (L.A.), could have averted the 1992 Civil Disturbance. The human development support systems projects and federal waiver program for financial support of the CROP™ Program were slated for full implementation in South Central L.A. in an effort to head off the civil disturbance that occurred in Los Angeles. Now other local jurisdictions have the same economic and social conditions that lead to L.A.'s Civil Disturbances.

[FIVE MINUTES EACH – COMMENT MADE –AUDIINCE INTERVIEWER  
RESPOSNE GIVEN]

## **DISCUSSED FROM THIS POINT OF AFFIRMATION REFERENCE**

We have reached the time of the Fourth Crow!

The Fourth Crow is the Lenape [Indigenous Iroquois Society Confederation ] becoming caretakers again and working with everybody to restore this land.

The Constitution of the United States of America is modeled after the Protocols of the Indigenous Iroquois Society Confederation. Further it can accurately be said that the United States of America Constitution is a translation into English of the Protocols of the Indigenous Iroquois Society Confederation by Benjamin Franklin and other founding fathers. In addition because of the greater role of Benjamin Franklin in the drafting of the Constitution of the Commonwealth of Pennsylvania Constitution we find the Commonwealth of Pennsylvania Constitution to be a truer translation of the Protocols of

the Indigenous Iroquois Society Confederation than the United States of America Constitution.

We note that in the opening statement to the United States of America Constitution "We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." The "a more perfect Union" statement is alluding to the Indigenous Iroquois Society Confederation union.

U.S. AND PA CONSTITUTION – READS U.S. Preamble, President Oath of Office, Amendments 13, & 14

We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

Article II

Section 1: President and Vice President

Clause 8: Oath or Affirmation

"Before he enter on the Execution of his Office, he shall take the following Oath or Affirmation:

"I do solemnly swear (or affirm) that I will faithfully execute the Office of President of the United States, and will to the best of my ability, preserve, protect and defend the Constitution of the United States."

My Comments:

Military personnel and others who are delegates of president are required by law to take an oath of office such as this one.

"I, \_\_\_\_, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I will obey the orders of the president of the United States and the orders of the officers appointed over me, according to regulations and the Uniform Code of Military Justice. So help me God."

No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.

- **They who can give up essential liberty to obtain a little temporary safety, deserve neither liberty nor safety.**
- People willing to trade their freedom for temporary security deserve neither and will lose both.

If we restrict liberty to attain security we will lose them both.

- This was written by Franklin, within quotation marks but is generally accept as his original thought, sometime shortly before February 17, 1775

as part of his notes for a proposition at the Pennsylvania Assembly, as published in [\*Memoirs of the life and writings of Benjamin\*](#)

In a framework of educating the general citizen population on these essential literacy items:

- 1.) Spiritual literacy
- 2.) Basic skills literacy
- 3.) Technology literacy
- 4.) Financial literacy
- 5.) Political/Civic/Social/Legal literacy and
- 6.) Health literacy

In order to educate the people of our world so that we end the Imperial Culture Human Warfare System that all humanity is suffering under. The Imperial Human Warfare System makes war against all of humanity, especially indigenous peoples and the very living earth that we all inhabit. The inclusion of the earth, our only habitat, as a target of warfare with the possible result that the earth may be destroyed to the point that she

would be unfit for human habitation raises questions on the nature of those promoting the Imperial Human Warfare System!

That question is there alien extraterrestrial influences at work in the Imperial Human Warfare Culture System?

## **END POINT OF AFFIRMATION REFERENCE**

### **TALKING POINT ITEMS BEGIN**

1. Meltdown of Money – banking finance system we now have a dollar worth only about 3% of its 1913 Federal Reserve start-up date value and finance is not being made available to small businesses, the job creators of our times, thus living wage jobs are in short supply or non-existent in most areas.
2. The air is filled with aerosols from chemical trails spraying of geo-engineering that we are breathing that is making us sick ;without clean pure air you generally die in five minutes;
3. The water is filled with all manner of chemicals that make us sick that includes drug residues and chemicals from the Hydro-Fracturing [FRACKING] process for gas and oil ;
4. The common food that is generally available to us has been experimentally genetically modified [GMO'ed] and sold to us without our consent to participate in the food experiment. And now this same fake food promised to be drought resistant is not proving to be so and a famine is possible and without real food in seven days you are generally sick or dead;
5. Our energy supply systems are based on fossil fuels that have all reached peak-production and now cost too much for low and moderate income people to afford and whose usage is creating climate chaos;
6. In urban areas our public schools operate as De Facto School-to-Prison Systems and cash cows for the local political machine rather than family job life instruction centers that functions as a school-to-work network. In states with large urban centers the Prison operate not as education correctional institution but as Prison-to-Prison vehicles rather than Prison-Education-Correction-Re-entry-to-Work Systems;
7. Under the new Obama care law we are going to be made by payment of a De Facto Tax to pay for De Facto Sick care of mandatory drug, radiation and surgery as primary health care modalities unless we opt out of the program by taking action to create a wellness care cooperative alternative owned by patients, doctors, nurses and staff in an ESOP CSOP ownership model.

### **CROP™- River-City-to-Hydrogen (H2) Dream-Team™ INTRODUCTION AND FAQ**

A physical transformation strategy for all income society's and cultures is needed to create a new alternative physical supply energy infrastructure to our current world fossil fuel energy infrastructure system. The reason being that we have peaked in the physical availability of fossil fuels. The world now has a 87 million physical barrel of oil per day demand but physical production is only 85 million physical barrels of oil per day (i.e. supply) a two million barrel per day physical deficit! Energy alternative physical infrastructure must be put in place before the physical demand supply deficit causes massive physical economic system dislocation.

Hydrogen power infrastructure is the energy system that allows the transformation to begin off of fossil fuels focusing on communities that utilize natural gas as one of their primary energy sources.

Why focus on communities that utilize natural gas as one of their primary energy sources?

Answer:

Phase one of the power infrastructure via the usage of a twenty percent hydrogen and 80 percent natural gas mixture requires no modifications of the existing energy delivery infrastructure!

MENTAL TRAUMA IS ALSO A PRECURSOR TO WHAT IS CALLED CANCER  
ANSWER IS-

Emotional Freedom - "Without a doubt ONLY if they are WILLING to do the mental work of going within to release old beliefs, feelings, thought patterns and forgiving, anything can be healed. The belief that some issues or conditions are 'incurable' whether it is emotions or physical illness, which is so frightening to so many people, only means that the particular issue or condition cannot be cured by 'outer' methods and that the person

needs to GO WITHIN to effect the healing. Whether the issue is anger, sadness, fear, guilt, shame, or humiliation there is a negative thought pattern that produces them— thus these consistent thinking patterns create our experiences. A condition can be as annoying as acne/ eczema or as dreaded and frightening as the 'C' word—Cancer. By changing our thought patterns, we can change our experience, thus healing the condition. The issue or condition came from the inner trauma the person experienced and can be healed—never to return again. ###”
